

Tim & Ali's News

July 2004

We would like to thank everyone who has been supporting us, it is so encouraging to know that there are people who are as excited about the work of Wycliffe as we are!

The big day!

May we introduce the latest addition to the Robinson clan.

Daniel Josiah Robinson entered the world at 0125 on Saturday 10th July weighing 6 lbs, 11 oz. He chose a rather unorthodox arrival . . . in the back of our car during the journey

into hospital! Thankfully we were almost at the hospital when he arrived and they whisked us in very quickly. He was also 2 weeks early, no hanging about waiting for him!! Baby and parents are doing well. The car....well, it will never be the same again! We were first told that we could leave the hospital, as a family, only 6 hours after arriving. We were both a bit out of it, and to be honest, a

little unprepared, so we decided to stick around for a bit longer. That was totally God looking after us as Daniel had some trouble feeding. We eventually got home on the Sunday afternoon after a visit from Grandma Kathy.

Mum and baby are both doing well now despite the need for a little more sleep all round!

Ready to pop ~ Popped!

Lots of people have been fantastic for want of a better word! Thanks to all who have called to see how we are doing, and those offered a helping hand. Also a huge thanks to those who have dropped in with meals ready to eat! We have felt really well supported with so many people being

there for us.

On the teacher training front, God has once again been very good to me. On the Tuesday before the birth, I had to go into college with all my teaching and evidence files for moderation. Due to illness and general exhaustion I had missed a lot of days towards the end of

the last placement. Normally I would have been expected to make them up at a later date, but thanks to God's faithfulness, it was decided that they could just be written off. So I have passed the PGCE!! All I need to do now is find a suitable job, we shall see how that works out!

What is Vision 2025?

*"By the year 2025
... we aim to see a
bible translation
program begun in
every language
that needs one."*

We spent ages trying to decide what to write in this section, normally filled with the excitement that is WYnet. Not much has been going on apart from lots of preparation for our Summer camp and outreach in Bethnal Green. We thought we would take this opportunity to share a bit about Wycliffe.

Vision 2025 is the God given vision that has captured Wycliffe & SIL (Wycliffe's sister organisation) world wide since 1999. The vision. . . "By the year 2025, together with partners world wide, we aim to see a bible translation program begun in every language that needs one" A bold statement

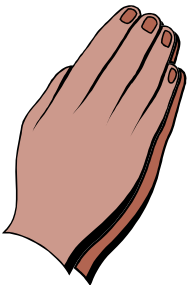

when you consider that out of the 6709 languages in the world, over 2500 of those don't have a single word of scripture! How important is your bible to you? Do you want to get involved in this world changing vision?
